

SELENE CALIFORNIA

Jet-Tern Marine, builder of Selene Ocean-going Trawlers has opened an office in San Diego to provide any assistance you may require. We are direct representatives of the builder and have a highly experienced staff standing by! If you own a Selene and are cruising through give us a call for help finding a slip, local information, tips on cruising the West coast of California or Baja, or anything else that would be helpful. We'd love to meet you!

If you own a Selene in California we want to begin a relationship with you and learn more about your Selene. We will sponsor the first "SELENE CALIFORNIA RENDEZVOUS" at Catalina later this year and invite you to attend. Details to follow! Driscoll Boat Works has been selected as our "Service and Warranty Center". We will be working with Outbound Yacht Services with new Selene commissioning and selection and installation of electronics and entertainment systems. Contact us for any additions or changes you may want on your Selene.

Our General Manager, Wayne Jones, has been a licensed and bonded Broker in San Diego since 1985 and was President of Knight & Carver Yacht Sales, owner and founder of Southwestern Yacht Sales and recently Vice-President of West Bay Sonship as well as being a Broker in Fort Lauderdale. Our Sales Manager, Tom Hada, has previously been an Ocean Alexander dealer in Northern California, General Manager and Sales Manager of Marinemax in San Diego, and brings 20 years of experience representing over 30 different boat manufacturers as well as building his own line of motorcruisers in Malaysia. Operations Manager, Leanne McNally, has been in the marine industry since 1994 with experience in yacht management and sales, web-design, office management, and customer service.

The opportunity to represent, directly, Selene Trawlers is a great match of our staff's collective experience and a yacht builder we have watched evolve. The common denominator of all Selene owners we know is; they love their boats! In the Northwest and now in California there is an exciting awareness of Selene and from owners and yachting industry members alike we hear the same thing: "Great boats!"

We are planning an "Open House" at our San Diego office soon and expect Howard and Michael Chen, owners of Jet-Tern Marine and Selene California to join us in welcoming you! Howard is anxious to say hello and talk to all Selene owners so we hope you can be here. Please call or email with your current contact information so we can keep you updated on the "Open House", "SELENE CALIFORNIA RENDEZVOUS", and other events.

We are currently developing our Selene California website and we would appreciate any comments you may have that would enhance it. We would like to showcase owners and their Selene's, as well as post your cruising experiences, please email us at info@selenecalifornia.com.

We hope to hear from you,

Wayne C. Jones
