San Diego Photo Shoot

Last month we had a great day out on the water dodging a helicopter! We did

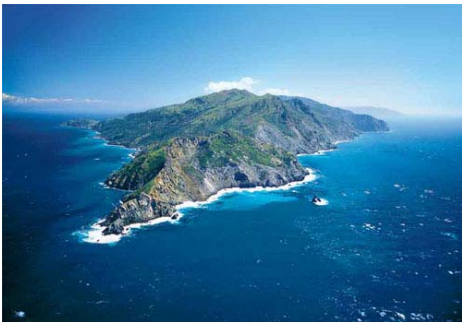

LIDO

a "photo shoot" with the assistance of Dick and Dorothy Brown and their 59 "Marco Polo" and Dick Snodgrass and Linda Shores aboard their 55 "Infinity". The owner of the [Selene 62 "Dazzling Pearl"](#) let us use his boat also and we now have photos of Selene's underway here in California with scenic San Diego in the background. The helicopter was just a few feet off the water and circled the Selene's at very close range even flying backwards for a time. Everyone had a great time and an experience to remember.

If you can't make it for the "Open House" you can visit us at the ["Lido Yacht Expo"](#) in Newport Beach from September 11th through the 14th. Contact us if you want tickets for this Boat Show.

Catalina, Two Harbors

making this a great weekend is welcome!

Another experience to remember is a Selene Rendezvous and we have a few owners "signed up" to get together at [Catalina](#), October 11th & 12th. We'll rendezvous at "Two Harbors" and enjoy the island when it's not too busy and when the weather is usually perfect. This first "Annual Selene Rendezvous" will be the first of many to come and they will get bigger each year as Selene's become more and more popular. If you own a Selene and can join us please let us know. Any assistance in
