

Our friends in San Diego

Selene California has just welcomed Michael Snodgrass and Linda Shores with their Selene 55 "Infinity", Ken Difonzo with his Selene 36' "Just Knot Thinking" and Dick and Dorothy Brown with their Selene 59 "Marco Polo" to our marina. We're located at [Sun Harbor Marina](#), the first "green" marina in California. We enjoy "Pizza Nova", one of San Diego's best waterfront Italian restaurant's located next to our office.

We have several great pre-owned Selene's available for sale! We just listed a [2007 Selene 36'](#) heavily equipped with an "eye-catching blue hull" that is available for inspection at our docks. This 36 is stabilized and has an extensive list of factory options, electronics and more. We also have a 2007 53' which is coming back from her maiden voyage to Mexico and is expected at our docks in early August. The 53' is the most successful Selene to date and has won many awards. If you're interested in a bigger Selene we have a [2005 Selene 62](#) available here in San Diego. This 62 is practically new and features a very, very long equipment list. Please contact us for complete details and specifications.

San Diego Yacht & Boat Show

Selene California is up and running and we're very busy. Next on the agenda is the "San Diego Summer Boat Show" at the "Sheraton Marina" on Harbor Island beginning Thursday, July 24th through Sunday, the 27th. We will have a Selene 62 in the show and invite you to stop by and see us. We have show tickets waiting for you so just give us a call (619) 224-1161 or send us an [email](#) and they will be at "Will Call". [Visit the 5th Annual San Diego Yacht & Boat Show Website.](#)

Catalina Rendezvous

Selene California will host the first annual "Selene Rendezvous" at Catalina in October at ["Two Harbors"](#). October is one of the best months to visit Catalina and we hope you will join us! If you can't be there aboard a Selene we will make arrangements for you to stay at the ["Banning House"](#), a great "Bed and Breakfast" with sweeping ocean views and a wonderful staff. This is sure to be the first of an eagerly anticipated annual event with guest speakers, entertainment and great gifts from Selene and our vendors. The "Selene Rendezvous" will be a great opportunity to meet other Selene owners and enjoy a great weekend! Let us know

if you can join us.

Coming Soon...the NEW Selene 48' DH, Hull #33

Our new 48 will arrive in San Diego in early August equipped with a great selection of factory options we think make her just right for cruising! These options include a "get home" system, bow

and stern thrusters, hardtop, air-conditioning, 17 KW generator and teak decks. The interior has washer-dryer as well as a properly equipped galley and Selene's fabulous fit and finish. The "DH" designation indicates "deep hull", an improvement in design by Howard Chen which provides more interior volume and enhances performance. Call us to see this new Selene.

Sea Magazine, May 2008

Selene 48 - Selene 48

by Matt Gurnsey

A midsize cruiser with big appeal

I can probably count all the manufacturers of passage-making vessels on one hand. It's an exclusive group of builders, whose boats are renowned for their stability, strength and ability to sip fuel while traveling huge distances in comfort.

There are dozens of other manufacturers whose boats, when properly equipped, can also do long-distance cruising, but their models aren't designed to be this style of boat.
