INTERNATIONAL

SELENE 62

■ Interior designer Ken Freivokh put the finishing touches to the Selene 62 trawler yacht, which will arrive in France this summer. Produced by the Jet Tern Marine shipyard in China and imported via Selene Europe's new sales office on the Cote d'Azur, the Selene yachts range in overall length from 11m to 19m, all built to Lloyds CE category A (ocean going) and ABS under ISO 9001. All except the baby are semi-displacement types with transatlantic capability, the design owing much to Ted Hood from the USA, while Freivokh's involvement assures contemporary good taste. The Selene 62 is powered by two Cummins 430hp diesels for a cruising speed of 10 knots and a range of more than 3,000 miles. *Contact:* Selene, 1001 Avenue de la Batterie, Le Commodore, Marina Baie des Anges, 06270 Villeneuve Loubet, France Tel:+33 492 135 001 Fax:+33 493 201 488 E-mail: info@seleneurope.com
